Oral Care Products

Confident Care Treated Oraswabs

Confident Care Treated Oraswabs are impregnated with a specially compounded paste that includes Bicarbonate of Soda.

Note: No Sodium Lauryl Sulphate is used in our formula.

Pack size: 100 per box or 400pcs per Carton Order Code: X76075-C 

Confident Care Untreated Oraswabs

Confident Care Oraswabs consist of an attached soft foam head that aids to gently lift and remove plaque debris and mucus from the oral cavity. They may also stimulate oral tissue and help clean between the teeth.

Pack Size: 100 per box or 400pcs per Carton Order Code: X76070-C 

CCP Oraclean Solution 50mls

Oraclean consists of a pleasant mint flavoured 1.5% hydrogen peroxide solution that is non-alcoholic and safe for using on oral tissue. It assists in cleaning the oral cavity and its structures without causing dryness by mechanically cleaning and debriding. Use with X76075-C Sodium Bicarb Oraswabs.

Oraclean is formulated, made and packaged in Australia

Pack size: Single item Order Code: X4300 

Denta-Med Whole Mouth Gel

Addresses oral hygiene related issues in medically compromised residents in aged care homes. The Gel has a unique binding and sustained release system which prolongs benefits by binding to the soft and hard tissue of the mouth. Toothpaste does not do this. Benefits have been reported from residents suffering from dry uncomfortable mouths, mouth ulcers, bleeding gums, mouth odour, fungal infections and other uncomfortable conditions where normal toothpaste may exacerbate the discomfort. When applied with a soft brush the gel removes and discourages plaque build-up and helps to re-mineralise teeth. The Gel is especially useful in palliative patients and can be applied with Confident Care Oraswabs (X76070-C).

Pack Size: 35 x 5ml Sachets Order Code: X4401

Pack Size 1 x 65ml Tube Order Code: X4465

Hamilton Dry Mouth Spray

Assists in replacing and supplementing natural saliva production in times of dry mouth caused by the ageing process, anxiety and depression, medication, radiation therapy of the head and neck, illness, constant speaking and nervousness. pH balanced to 6.0-6.5. Free from sugar, gluten and alcohol, use as often as required.

Pack Size: 25ml Spray Order Code: 100821

Pack Size: 100ml Spray Order Code: Aquae Spray

Oral Care Products

CCP OraClean Colour Coded, Seasonal Toothbrush—Soft

It is recommended that toothbrushes should be replaced every three months. Why not adopt a colour coding system and supply a different colour toothbrush for each season? We can supply your facility with colour coded charts to ensure that your protocol is adhered to. Available in Orange, Green, Blue, Red & Purple

Pack size: 12 per box

Order Code: XTB1005-OR/GN/BL/R/PPL

Please note: Must be ordered in multiples of 12 Toothbrushes

OraClean

CCP Specialised Denture Brush

This is a specifically designed denture brush with two brush heads. The small brush is designed to clean the fitting surface of the denture, the part of the denture in contact with the mouth and gums. The larger brush is designed to clean the teeth and all the chewing surface of the denture.

Pack size: Each

Order Code: XTB1006-BLPack

Surround Toothbrush

The unique Surround® Toothbrush has 3 rows of bristles that surround the teeth to clean front, back and biting surfaces all at the same time. This means that more tooth surface can be cleaned in the time that a caregiver is allotted, especially when the degree of cooperation is limited. The soft, end-rounded bristles and smooth, heart-shaped compact head make brushing safe and comfortable.

Pack Size: Each

Order Code: STB-GS

Open Wide Mouth Rest

The Open Wide mouth rest is gentle in the mouth and easy on the users' hands. It is a helpful device when patients lack the co-operation skills or motor control to keep their mouths open during oral care. The mouth rest is durable, easy to use and effective. We offer a regular version and a thick version, which has 40% more foam to withstand more aggressive biting pressure.

Order code Regular: X4100

Order Code Thick: X4200

Pack Size: Each

Pack Size: Bag of 50

Denture Bath

Ensure that dentures are kept clean and safe whilst not in use with this denture bath. It has a snap closure lid, ensuring contents cannot be spilt.

Pack Size: Each

Order Code: DBATH-W

Oral Care Products

Propolis Toothpaste. 110gm Tube

Propolis toothpaste incorporates a special water soluble Propolis Extract which assists in keeping the mouth fresh, protecting teeth from decay, and ensuring healthy gums. Used regularly, it will prevent periodontal disease while it cleans, whitens and brightens teeth, removes stains, reduces plaque and tartar build up, reduces cavities and helps to fight bad breath.

Pack size: Each

Order Code: CD8842

Curasept 0.05% Mouth Rinse 200ml Bottle

Curasept Mouth Rinse provides long term combined protection with 0.05% Chlorhexadine and 0.05% Fluoride. In the low concentrations fluoride and chlorhexidine can be combined together to provide a powerful prophylactic mouthwash.

Pack size: Each

Order Code: ADS205

Spray Top to suit Curasept Bottle

Order Code: Spray Top

Curasept 0.05% Chlorhexahidine Toothpaste - 75ml Tube

0.05% Chlorhexadine & 0.05% Fluoride. Can be used as regular toothpaste. Ideal for long term usage with additional caries protection.

Pack size: Each

Order Code: ADS705

Oral 7 Moisturising Mouth Gel - 10ml Tube

Saliva replacement. Helps keep breath fresh. Suitable for denture wearers.

Soothes, lubricates and protects the mouth and gums for up to 7 Hours.

Extra beneficial for those suffering from Dry Mouth.

Pack Size: 10ml Resealable Tube

Order Code: Oral7

Orocare Aspire Suction Toothbrush

Orocare Aspire features a small brush head, equally suitable for Adults and Children. The soft bristles allow for proper oral hygiene and are designed to aid in the removal of plaque. The long neck allows the user to reach all areas of the oropharynx without interfering with ET tubes and other equipment. It has a built in direct attachment to a suction line, eliminating the need for an additional suction yankauer. Single use product.

Pack Size: Each

Box: 25 pcs

Order Code: 3016000

Oral Care Products

Orocare 2 Suction Toothbrush with Self Fillable Vial

The Orocare2 toothbrush handle acts as a reservoir for the self fillable mouthwash vial. The mouthwash is released by gently squeezing the handle whilst carefully brushing the patient's teeth with the soft atraumatic bristles. Standard Suction tubing may be attached to the end of the handle and can be controlled by a comfortably located thumb hole.

Pack size: Each

Box: 50pcs

Order Code: 3008001

Orocare Sensitive Oral Suction Wand

Orocare Sensitive is a unique suction wand for cleaning delicate gums and tissues around the oropharynx. The design of the head allows application of antibacterial solutions, whilst it gently cleans the surface of the teeth and soft palate.

Pack size: Each

Box: 15pcs

Order Code: 3017000

Absorbent Bed Pads & Linen Protectors

Pinkie Linen Protectors - Home of the Original "Pinkie"

Pinkie Linen Protectors act like a saucer in a sense that moisture is absorbed through the surface to the soaker pad and held by the laminated polyurethane waterproof barrier. The 80% Cotton top provides a natural sleeping surface while the added 20% Polyester provides extra strength. **Order Codes: Large 90 x 85cm X2534I-PU**

Pack size: Each PVC Free Medium 85 x 60cm X2511I-PU
Large also available with wings X2534I-PU-W Small 60 x 43cm X2500I-PU

Lightweight Laminated Linen Protector

Our Laminated Linen Protector with polyurethane barrier provides an ultra thin, lightweight, more resilient linen protector. The synthetic backing and top surface helps to provide a pad that stains less, dries faster and washes cleaner, saving utility & chemical costs. The fabric back helps the pad to stay in place on the bed. **PVC Free**

Pack size: Each Order Code: XD159-PI-LAM

Drycare™ Absorbent Bed Pad with Laminated Waterproof Backing + tuckins

The Drycare™ Absorbent bed pad is designed to draw away moisture from the surface deep into its fibres and with the addition of the laminated waterproof backing, is now an all in one solution, allowing bed linen to stay clean, fresh and dry. Holds > 3.0 Litres of Fluid. **PVC Free**

Pack size: Each Order Code: XD100-SB-LAM

Original Drycare™ Absorbent Bed Pad with tuckins

The original Drycare™ Absorbent Bed Pad is designed to draw away moisture from the surface deep into its fibres. The use of a draw mac is recommended with this product.

PolyGlide Slide Sheets

Slide sheets are used to safely move those patients who are unable to assist the carer with tasks such as turning and repositioning. Our Slide sheet is made of premium polyester with a high slip silicon coating on both sides. It is available in two sizes, Large and Small. Special sizes and cylindrical slide sheets can be made to order.

Small: 95 x 145cm

Order Code: D179-SC

Large: 145 x 195cm

Order Code: SCD179DB-C

Ukan Slide Sheet Holder

The Ukan Store is designed so you can store your residents' slide sheets in a convenient place. Ukan Store can be installed to the wall or inside a cupboard for convenient access. We recommend that each bed has its own Ukan Store. The Ukan Store slide sheet holder helps to address infection control concerns surrounding the storage of slide sheets in that you can quickly and easily wipe it down with hot soapy water between each resident / patient.

Size: 43 x 43 x 10cm

Order Code: CC101V

Pressure Care Products

Optimum Care 3

The Optimum Care 3 pressure relieving alternating support system is designed to balance cost effectiveness, comfort and pressure area prevention. Lightweight and manoeuvrable, this dynamic system offers a quiet, therapeutic solution for users at risk of developing pressure ulcers. For those with limited mobility, the Optimum 3's reduced cell depth assists easy movement in and out of bed promoting independence.

Size: 200 x 88 x 9cm

Order Code: Optimumair3

Optimum Care 5

An excellent value for money solution combining some of the best of the Optimum Care 8 features in an overlay system. Prevention is the core strategy of this product, designed and developed to ensure the debilitating effects of Decubitus Ulcers are avoided. Used in conjunction with an effective pressure injury prevention strategy including diet, exercise and care management, the Optimum Care 5 is a highly effective pressure care overlay solution.

Size: 200 x 88 x 13.5cm

Order Code: Optimumair5

Optimum Care 8

The Optimum Care 8 is the economical full mattress replacement system for the high risk user. Ideal for the heavier patient, the system has an increased cell depth to prevent bottoming out and enhance therapeutic benefits and comfort. Used in conjunction with an effective pressure injury prevention strategy including diet, exercise and care management, the Optimum Care 8 is a highly effective pressure care mattress solution.

Size: 200 x 88 x 23cm

Order Code: Optimumair8

Premium 9

The Premium 9 Alternating System is designed to prevent and/or treat pressure ulcers for patients at high risk. It is a Mattress replacement system with excellent pressure redistribution. 265 mm high cells for enhanced therapeutic benefit. 1 in 3 cell cycle closely mimics spontaneous movement to create optimum healing environment. Hinged base for continuous pressure therapy when upright in bed.

Size: 200 x 88 x 28cm

Order Code: Premium9

Premium Concave Positioning Cover

The Premium Concave Positioning cover is a valuable accessory for the Optimum 3, 5 & 8. It helps to prevent patients falling from the bed or injuring themselves from rolling against side rails. Modular foam sections easily remove for cleaning and patient transfer, while the hinged sections conform to profiling beds with head raises and knee breaks. Components are heat sealed to protect against moisture ingress for maximum infection control.

Size: 200 x 88cm x 15cm

Order Code: TCF358PA

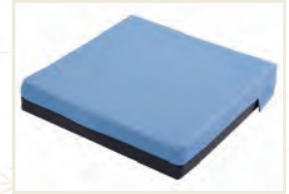

Pressure Care Products

Pressure Relief Cushion

A two layer foam cushion for improved pressure redistribution when seated. This multi-purpose product is suitable for users with mild postural needs and comprises a high density foam support base with a super soft memory foam top layer. Enclosed by a zippered two way stretch waterproof polyurethane fabric cover for enhanced anti-shear and anti-friction benefits, with 360° zip and waterfall skirt to protect from moisture ingress. Seams are stitched for extra strength then welded for maximum IFC.

Size: 41 x 41 x 7.5cm

Order Code: BL7258

Contoured Wheelchair Cushion

Combining a high density foam support base with a super soft memory foam top layer, the contoured wheelchair cushion is gently contoured to fit the bottom and thighs, offering maximum pressure redistribution and enhanced comfort to minimise the risk of pressure injury. This combination provides the benefits of a stable sitting surface and even pressure redistribution, without constricting blood circulation, lessening the risk of pressure injury.

Size: 43 x 41 x 10.5 - 6.5cm

Order Code: BL7265

Foam Cushion with Gel Insert

This combination foam and gel cushion is suited to people at low to medium risk of pressure injury and helps to relieve pain from prolonged sitting. Made from a gel bladder encased inside a resilient polyurethane foam cushion to evenly disperse the weight of a seated person over a larger area, which minimises pressure points on the buttock or thighs.

Size: 45 x 45 x 5cm

Order Code: BL9382

Gel Seat Pad

This cushion provides optimal protection for those who require mild to moderate postural pelvic support. Features a stable, pre contoured foam base to enhance postural stability and reduce sliding and shearing. Contains a gel cube pad overlay that moves with the body to provide aeration and reduce shear.

Size: 42 x 44 x 1.5cm

Order Code: BL9641

Silicone Fibre Cushion

This seat cushion is constructed from silicone coated cylindrical fibres that retain their loft and promote airflow to the skin's surface for superior patient support and comfort. The silicon coating lubricates each fibre to reduce friction and shear force while preventing moisture penetration or retention, making it an ideal choice for geriatric or palliative care. Covered with a breathable cotton / polyester fabric, the cushion is fully machine washable up to 70° with standard detergent.

Size: 43 x 51 x 10cm

Order Code: BL9799

Pressure Care Products

Silicon Fibre Ring Cushion

This cushion is constructed from silicon coated cylindrical fibres that retain their loft and promote airflow to the skin's surface for superior patient support and comfort. The silicon coating lubricates each fibre to reduce friction and shear force while preventing moisture penetration or retention, making it an ideal choice for geriatric or palliative care. Covered with a breathable cotton / polyester fabric, the cushion is fully machine washable up to 70° with standard detergent.

Size: 38 x 42 x 10cm

Order Code: BL9986

Silicon Fibre Mattress Overlay

This cushion is constructed from silicon coated cylindrical fibres that retain their loft and promote airflow to the skin's surface for superior patient support and comfort. The silicon coating lubricates each fibre to reduce friction and shear force while preventing moisture penetration or retention, making it an ideal choice for geriatric or palliative care. Covered with a breathable cotton / polyester fabric, the cushion is fully machine washable up to 70° with standard detergent.

Size: 91 x 190 x 10cm

Order Code: BL9962

Silicone Fibre Heel Protectors

One size fits all, this product provides pressure relief and protection for heels and ankles. The Heel Protector is constructed from silicon coated cylindrical fibres that retain their loft and promote airflow to the skin's surface for superior patient support and comfort. The silicon coating lubricates each fibre to reduce friction and shear force while preventing moisture penetration or retention, making it an ideal choice for geriatric or palliative care.

Size: 10 x 14 x 3cm

Order Code: BL0637

Bed Side Safety Crash Mat

This Safety crash mat can be placed on either side of the bed as a protective cushion to help prevent injury for patients who roll out of bed. Especially useful where side rails cannot be used. The non slip feature helps to minimise the risk of injury should the mat be inadvertently stood on by a patient or carer. The unique textured underside prevents the mat slipping when downward pressure is applied, however still allows the mat to be moved with the foot for more manoeuvrability. Also includes reflective strips.

Order Code: CRASH MAT

Bed Rail Protectors

These super soft foam bed rail protectors are designed to protect patients from injury through limbs striking or getting caught in the metal bed rails. They are made from a soft medical grade foam covered with a soft 2 way stretch P-U cover including an easy secure Velcro closure for secure attachment. Sold as a pair they are available in 2 Sizes - Standard and Large - to fit the majority of bed rails.

Standard: 67 x 126 x 3.3cm

Order Code: BL5247

Large: 98 x 158 x 4.9cm

Order Code: BL5254
