

Assisting our clients to minimise the cost and stress

Logistics - Warehouse, Pick N Pack, Distribution

Curlett Cannon & Galbell specialise in warehousing, order fulfilment, Pick N Pack, and transportation. We provide a cost effective third party logistics solution for small to medium sized wholesale and retail businesses from industrial and automotive parts to giftware.

We have taken the initiative to make warehousing and distribution a more integrated piece of the supply chain. We are committed to providing warehousing, order fulfilment services by devising cost effective solutions through value added services.

We at Curlett, Cannon & Galbell understand that traditional pallet-in and pallet-out service does not meet the needs of many manufacturers and suppliers.

We will tailor an operation to meet your specific needs.

Some of the value added services we provide are:

- Pick N Pack
- Product Labelling & Bar Coding
- Kitting and Assembly
- Bundling
- Product Inspection
- Rework
- Order Processing
- Inventory Management
- EDI / Scan packing services
- Transport/Distribution

Our storage, Pick N Pack, fulfilment and inventory management services are ideal for start-up companies who need flexible and cost effective storage and distribution solutions from a service provider with a proven record of accomplishment.

Curlett, Cannon & Galbell Pty. Ltd.
