OVERSIZED DOORS ARE NOT COVERED BY AUSTRALIAN STANDARDS FOR DISTORTION

Woodworkers heritage doors faithfully replicate designs pioneered by Woodworkers in 1928. The doors feature strong authentic mouldings and are available with triple glazed leadlight designs reproduced from period originals.

Our Hampshire range recreates regional designs from the Continent and seaboard USA characterized by greater use of glass for light and generous proportions to provide more welcoming entry options

### EXPANDED VIEW OF PIVOT SYSTEM

timber framing head with routed housing for hydraulic pivot

### FRAMED PIVOT SIZING

Door Size	Pivot Frame Size	Butt Hinged Frame Size
2040 x 1200	2167 x 1270	2100 x 1270
2040 x 1500	2167 x 1570	2100 x 1570
2280 x 1200	2400 x 1270	2340 x 1270
2280 x 1500	2400 x 1570	2340 x 1570

### NOTES:

- Pivot frame heights can be reduced if necessary by 37mm using an overhead metal fixing plate.
- Deduct \$350 for options using butt hinges instead of a hydraulic pivot closer.

Our solid red cedar range of pivot sized doors can be hung conventionally on multiple heavy duty butt hinges or pivoted on hydraulic door closers concealed in the transom to ensure a safe and smooth self closing door operation.

\* framed unit hung on hydraulic pivot closer

🔥 bushfire compliant only if lower viewer omitted.

For safety reasons when we prehang pivot doors we always control their action with a hydraulic closer.

OVERSIZED DOORS ARE NOT COVERED BY AUSTRALIAN STANDARDS FOR DISTORTION

Woodworkers also have oversize options in the heritage and the fuseon flush door range to suit any architectural application. We lead the trend to using wider and taller doors to make a generous first impression and have custom capability for larger designs when specified

Our external oak doors are solid American Oak manufactured by Woodworkers in reliable mortice and tenon construction for durability. Framing in matching American Oak is available. Blonde doors give a coastal feel to any entry and coordinate with American or Australian Oak flooring integral to the Hamptons look.

# budget entries

When your entry is to be painted, particularly with dark colours, solid timber joinery isn't always suitable. Woodworkers offer a limited range of Corinthian door and sidelight options suitable for such applications that are less expensive than solid joinery but are subject to Corinthian warranty conditions

## BUDGET ENTRIES INCLUDE:

- 140 x 32 frame with kwila sill
- Corinthian PCL4 door and PCLSL4G sidelight, or similar, or other options if chosen
- hanging on stainless steel hi-line hinges
- priming white
- clear or soft white sidelight and transom glazing
- transom glazing beaded directly to frame
- alternative transom heights are available POA

Refer to our separate hardware catalogue for Australia's widest selection of pull handle hardware.

Note: House numbers or corporate logos can also be incorporated into fuseon doors at additional cost.

**RECOMMENDED FOR FULLY PROTECTED EXTERNAL OR INTERNAL SITUATIONS ONLY**

The fuseon range of contemporary doors blends the look of timber and metal into a stunning range of new designs. Fuseon doors can be manufactured in a variety of timber veneers and metal finishes. Our unique stainless steel glazing surrounds complement a wide choice of glazing options. Fuseon doors have engineered construction and are recommended for fully protected external and internal locations only.

Fuseon doors permit unprecedented design freedom using state of the art CNC machining technology and a palette of different metallic and timber finishes including the standard material options below (additional cost applies)

wenge fineline

african wenge

surian cedar

new guinea rosewood

golden teak

european ash

brushed steel

mirror steel

Fuseon doors can be manufactured to any size up to 2400 high and 1200 wide, and even larger if timber veneer joints can be visible. Metallic components carry a 5 year warranty. The life expectancy of timber veneers is considerably less unless well maintained and protected. Refer our website FAQ 23 for details of acceptable protection levels if used externally.

Woodworkers wide range of signature handles and hardware coordinate with Fuseon doors to create eye-catching design statement. Fuseon doors can be made to alternative sizes or customized to your own design.

OVERSIZED DOORS ARE NOT COVERED BY AUSTRALIAN STANDARDS FOR DISTORTION
