

Western Sheetmetal Insulation & Asbestos Removal Pty Ltd

Plumbing Division

WSI&A is a multi services company, established over twenty (20) years and with offices and workshops located in Geelong and Melbourne.

Our dedicated Plumbing Division was established in 2000 to compliment the other core business divisions to provide our clients with complete service solutions.

We continue to provide complex and basic plumbing solutions to our clients across a broad range of industries in the commercial, industrial and domestic markets specialising in;

INDUSTRY	SERVICE
Petro-Chemical	Roofing
Oil and Gas	Fire Hydrants & Reels
Power Generation	Drainage
Construction	Water
Manufacturing	Pumps
Infrastructure	Air Conditioning
Demolition	Sewerage
Maintenance & Special Projects	Asbestos Removal/Replacement
Mining & Resources	Civils

Our plumbing team is extremely adaptable and responsive with a combined 60 years plus industry experience. With ready access to associated plant & equipment and a diverse team of plumbers, we are able to deliver tailored plumbing solutions relevant to each project ensuring compliance to all industry, safety and quality requirements.

Our WSI&A Plumbing Division work closely with all other divisions to provide our clients with efficient and cost effective plumbing solutions.

With our technical skills, trade, knowledge and industry experience we have the expertise to deliver the right plumbing solutions specific to your needs.

Call 03 9399 9409 for all your *PLUMBING* needs.
