

BECOME A DEALER

Are you tired of telling customers they'll have to wait 8 to 12 weeks for their shutters and blinds to arrive? Are you looking for high-quality products that are eco-friendly and locally made? Do you want a competitive advantage during tenders? Well look no further, Decor Blinds is your answer.

A Leader in Innovation

Decor Blinds Australia is a leader in innovation and continually seeks opportunities throughout the world to be at the forefront with the very latest in design; be it shutter technology, motorisation, componentry or fabric collections. For example, we are the exclusive supplier of environmentally friendly Thermalite™ Shutters in Australia and New Zealand and we will soon be introducing the first 100% natural and fully recyclable fabric, Revolution®, in Australia.

Beat the imports on Delivery

Our Thermalite™ Shutters and Roller Blinds are custom made in 15 working days, so your customers will avoid waiting 8 to 12 weeks for orders to arrive on the slow boat from China. Make an order this week, build and install in just 3 weeks and start enjoying your next referral sales.

Beat the imports on Quality

We manufacture all our products to Australian standards. As the manufacturer we are in full control of your production, your lead time and the quality of your product, allowing you to service your customers better than competitors.

The 'Green' Choice

In today's day and age consumers prefer eco-friendly products. Thermalite™ is a 'green', non-toxic synthetic material. Being 100% made from renewable synthetic material, no natural resources are destroyed in the manufacturing process. We also have an extensive range of 'green' fabrics available including 100% Natural, 100% Recyclable, PVC Free, VOC-free and Trevira CS.
