

For over 60 years, Deering Autronics has been the recognised leader in the Auto Electrical and Auto Airconditioning services industries in Perth, Western Australia.

Approx 85% of your vehicle is controlled by an Auto Electrical System and as auto electricians we specialize in auto electrical and auto air - conditioning servicing, repairs and installations.

If your car won't start, battery not charging, overheating, indicators wipers not working, or you simply have some 12/24v goodies you'd like installed, our staff have the experience and equipment to carry out your every request. We service cars, 4WDs, Utes, vans, trucks, horse floats, trailers, boats, caravans, mine spec fit outs, specialist mining / earth-moving equipment, etc, etc. Three convenient south of the river locations ... or we'll come to you.
