The perfect choice for Private use ,Taxi fleets, Tourism Operators,Hospitals and Community transport needs.

Flashcab Australia

Flashcab Australia –About Us

Flashcab is Australia's leading manufacturer of wheelchair accessible vehicles featuring a range of specialty vehicles to suit private use; public transport and community needs around the country..

All vehicles are built to exacting standards with an emphasis on ease of use and high standards of safety. Our vehicles are also the most requested by taxi fleets around Australia with over 1000 vehicles in use in most major cities.

Tarago Flashcab is the only **stretched body** conversion offering all of these features :-

- Stretched rear compartment gives a full length wheelchair bay to suit most chairs including electric models.
- Full forward and side vision for the chair occupant.
- Seats 4 passengers plus a chair or 7 without a chair.
- Torsion spring assisted ramp operation - no electrics or hydraulics needed for ramp use.
- Load and unload from the rear.
- Less than 1 minute load and unload time.
- Dual sliding doors for easy access.
- Automatic transmission.
- Cruise Control.
- Dual air conditioning for wheelchair passenger comfort. Dual air conditioning controls within the cabin.
- AM/FM radio and CD player with MP3 compatibility
- Tinted windows.
- Economical 2.4 ltr VVT engine with recognised long term reliability.
- Car like handling; comfort and safety.
- Huge range of options available to customise the vehicle to suit your requirements.

Tarago Flashcab at Work Accessible Taxi

Around Australia Tarago Flashcab is the fastest selling wheelchair accessible Taxi in service

It's unique features make it the perfect choice for Taxi operators wanting a vehicle that suits not only their wheelchair dependent customers but is widely accepted by their usual customer base.

Tarago Flashcab is certified for use in all States and Territories as a Taxi and hundreds are currently in use.

Incentives

Taxi operators can benefit from a substantial range of financial incentives made available by State Governments to encourage more accessible vehicles to be included in Taxi fleets.

These benefits can include :

- Very low licence fees
- Large subsidies on initial purchase costs
- Higher pickup rates for wheelchair customers
- High resale prices at the end of fleet use.

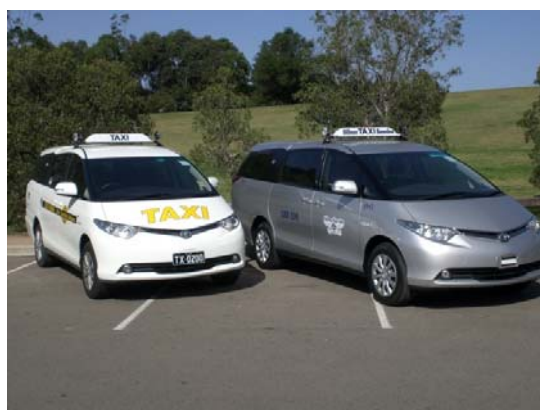

Flexibility

The Flashcab taxi carries 4 plus a wheelchair passenger OR 7 without a wheelchair. A 1 min reconfiguration time makes it is very flexible in day to day use. Substantial luggage capacity also adds to flexibility in Taxi use servicing airports and tourist transfers etc

Options

Tarago Flashcab can also be supplied with the following options :

- Luxury Leather seats.
- DVD player installed for rear passengers.
- Central drivers module between the front seats.
- Central module and bucket seats in 2nd seat row.
- Alloy side steps for easier access.
- Reversing camera.
- Reversing sensors.
- Choice of colour to suit fleet requirements.

TARAGO FLASHCAB

WHEELCHAIR ACCESSIBLE

Mr Paul Bolt from Taxis Combined Services had this to say about the Tarago Flashcab

"Combined Communications Network is the largest taxi operator in Australia and we have been operating Tarago Flashcabs for 3 years. There are over 200 Flashcab vehicles in our fleet with millions of kilometres covered to date.

They have proved to be very reliable, economical and our passengers and drivers rave about them. The flexible seating, large luggage capacity and easy ramp access make them the ideal wheelchair accessible cab"
