

# **A GRADE** ELECTRICAL

## About Us:

Founded in 2006, **A Grade Electrical** started as a co-partnership between two electricians, each with over 15 years of experience in the industry. With the aim of providing quality electrical services in the Brisbane area, A Grade Electrical have since expanded and joined forces with other trade-based businesses, allowing them to offer a wide variety of electrical solutions for your property. Not only does this collaboration

mean more service opportunities but it also allows the team to respond promptly to your enquiries and be on the job faster than your average electrician.

The team at A Grade Electrical are meticulous about their service and highly value the satisfaction of their customers. We understand that each customer has different needs and requirements which is why we strongly value reliability and adaptability and believe this sets us apart from your everyday sparky.

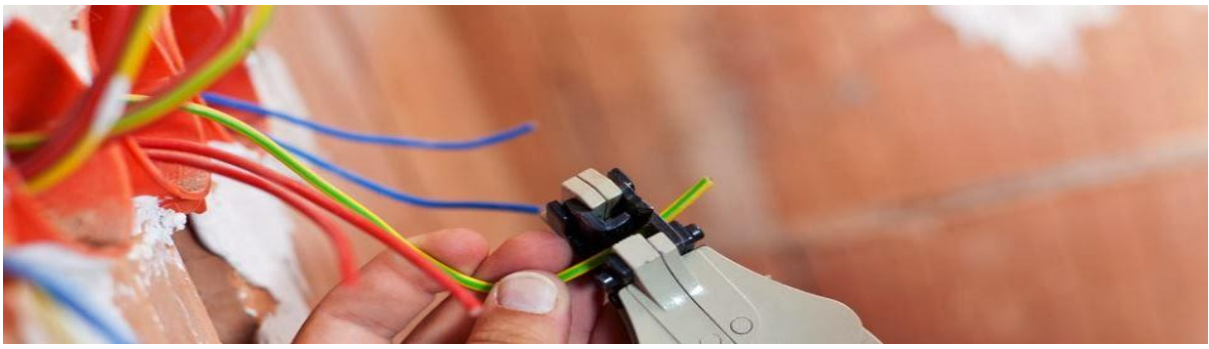

Whether you are renovating your house and need an experienced electrician or simply after a solution for an electrical fault, the team at A Grade Electrical can help you out. Safety is our number one priority. All members of our team are fully qualified and trained in workplace safety. If you need an electrical job done, then do it right and call A Grade Electrical today!

## Services:

A Grade Electrical have experience working with buildings of all shapes and sizes for residential, commercial and industrial projects. Their expertise extends beyond the standard electrical services such as electrical additions, alterations, switchboard and main upgrades, installation of ceiling fans and electrical maintenance, A Grade Electrical also do air conditioning, new building and renovation electrical plans, safety inspections, real estate and rental property maintenance and much more! No job is too big or small for the team at A Grade Electrical.
