

Planning a Fabulous Home Improvement

Queensland Lifestyle Patios; trading name of AZ-Tech Lifestyle Concepts Pty Ltd

BSA license: 1170035

We are licensed Builders and authorised dealers as **Stratco Outback** experts. Additional trade work and supplies complete our Al Fresco living outdoor projects without the need to engage external contractors. Infill panels, decking, concrete, stenciling, paving, retaining walls, shade panels, windows, doors, electrical work are many options that add value to your property under a single integrated design plan.

 **Call for an obligation free in-home Builder's design and consultation to plan your *Patio, Deck, Carport* or complete *Al Fresco outdoor living area*.**

ANOTHER QUALITY PRODUCT BUILT BY QUEENSLAND LIFESTYLE PATIOS

Projects built by Queensland Lifestyle Patios use premium materials manufactured locally and backed by Stratco national Guarantees for a custom designed streamlined finish. The combination of the patented, pre-engineered **Stratco Outback** system for patio/deck structures we design and install eliminates risks and complications as council approval, Builders' insurance and supervised site work safeguards your investment.

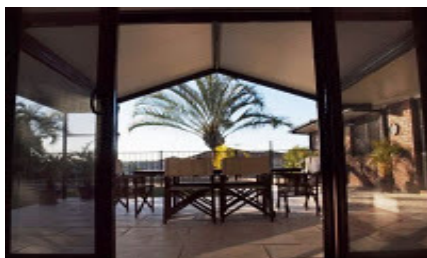

We build the **Stratco Outback** as it was engineered to be built. When comparing quotes, question discounts. Have others cut out materials, full council approval or other elements that you expect? A sagging roof, signs of corrosion etc may reveal 2nd grade materials, or omitted components and little recourse to rectification. Check what your contract includes and consider the value of a reputable Licensed Builder with insurance protections and access to the premium brand products.

When installed by experienced licensed builders the **Stratco Outback** delivers the kind of quality that enables home improvements to meet product lifespan expectations as a permanent high quality addition to your home.

For the Best of Innovation & *Stratco Outback*
