

About us:

[Instant Toilets & Showers](#) are the number one providers for portable toilets, bathrooms and showers in Western Australia. We manufacture and rent our facilities right here in Perth! Scott Rawson saw a need for better designed portable sanitation products that were not only clean but also of a five star calibre. He then founded the business in 2006 and has since continued to expand his current inventory to make Instant Toilets & Showers what it is today.

Why might you need a portable facility?

There are so many circumstances where you would need to hire a portable facility. Many festivals, concerts and events often need not only portable toilets and showers, but also water tanks and pumps. We've found that not only are these facilities necessary, but the quality and cleanliness also make a huge difference to patrons. Given this, Instant Toilets & Showers consistently aim to provide the highest level of quality and cleanliness in their products.

Hiring portable facilities are also a great way to avoid awkward situations especially with regards to home renovations and worksites. A portable bathroom can assist in hosting guests for parties, plus it ensures that your home bathroom stays clean and untouched. Sometimes certain venues do not already have washroom facilities such as parks, ovals and beaches, many of which may be a perfect spot for a wedding or celebration. There's no need to change locations simply based on the lack of facilities. Instant Toilets & Showers can bring them to you!

Our services:

Our services at Instant Toilets & Showers go above and beyond the average port-a-loo suppliers. We offer onsite attendants dedicated to keeping and managing your facilities and ensuring that they are consistently clean and hygienic. Some of our other services include:

- Onsite Attendants
- Onsite cleaning
- Portable toilet servicing
- Waste removal
- Sanitary bins
- Emergency product deployment

Our range of products available to hire are guaranteed to assist your event and make life easier for your patrons or guests.

These include:

- Disabled accessible toilets
- Hand washing stations
- Five star ensuites, showers and toilets
- Ticket booths and kiosks
- Waste tanks
- Water tanks and pumps
