

Roesner

[Roesner](#) Pty Ltd is a modern manufacturing company located at Harvey in South-Western Australia. We are a family run company that has been in operation since 1900. We are proud manufacturers of Marshall Multispread agricultural machinery.

At Roesners, we strive to stay ahead with new technology in order to maintain a high standard of manufacturing and a high level of customer satisfaction. Our machinery is built specifically for Australian conditions and provides farmers with a cost effective and efficient method of spreading a variety of fertilisers and seeds.

We design and manufacture our products for harsh agricultural, mining and industrial applications. Roesner products are built with precision and are designed to withstand the tough Australian conditions.

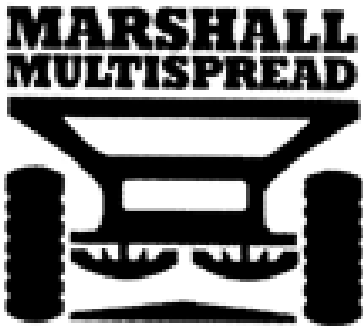

At Roesner, we constructed our spreader products to assist farmers with easy spreading of fertilisers and seeds. Now, we have over 8000 Marshall multispread units being used throughout Australia. This making us Australia's number one selling spreader.

We have the 800 series, 900 series, used spreaders and a number of optional equipment.

The 800 Series Marshall Multispread is available in 2.5 to 12 tonne capacities and has an affordable price to suit a range of farming enterprises.

The 900 Series Marshall Multispread is available in 4.5 to 16 tonne capacities and is a machine that uses state-of-the-art Fertiliser Spreading technology. The 900 series has been designed for maximum productivity and minimal maintenance requirements.

Contact Roesner

At [Roesner](http://roesner.com.au), we use innovative design techniques and technology to stay ahead. We are dedicated to exceeding the high expectations that our customers set for us.
