

CHALLENGE

batteries wa

At [Challenge Batteries](#), we're the largest independent battery supplier in Western Australia. Established in 1987, our family owned business has been operating to provide superior service and the best quality and range of car batteries.

Conveniently located in Osborne Park, we have a friendly team that can provide expert advice on any battery concerns you may have. We stock a variety of unusual and special sizes, if we don't have it in store then we can specially order it in for you.

The company initially sold imported batteries and second-hand tyres, but soon turned all their focus on creating the largest range of batteries in Western Australia.

Challenge Batteries offers competitive priced batteries for a range of vehicles including cars, bikes and trucks. We also have a wide range of inverters, chargers and 12-volt accessories. In addition to stocking a comprehensive range of batteries, we also offer a wide range of battery chargers suitable for every day, marine or workshop use.

We pride ourselves on our expertise, there is no battery related problem that we cannot solve. Our commitment to quality means we only stock trusted brands; these brands include:

If you're looking for friendly and expert advice, look no further than [Challenge Batteries WA](#). Find us at 1 Burgay Court, Osborne Park, 6017, or call us today on (08) 9446 6122.
