

## Imagine, Dream, Inspire, Create with Home Base Perth

**There is nothing more exciting than creating your dream home. At Home Base Perth, we understand that building your dream home can be both exciting and daunting, in equal measures.**

At [Home Base](#), we are here to help. We're the largest building, renovating, decorating and landscaping centre in Australia and have a passion for what we do. We aren't all talk at Home Base. We like to show off our work and because of this, we have created three levels of permanent displays. Our displays are available for you to view so that you are confident in what you choose for your dream home.

At our display centre, you can expect to find likeminded individuals who are ready to assist you with all your building needs. Speak to our friendly staff about what themes and styles would best suit your new home or renovation project.

Still need more inspiration? We have our Home Base magazine that is read by thousands of Australians and features some of the best builders, suppliers, interior designers and much more.
