

Kounis Metal Industries Pty.Ltd. Mining Enclosures

ABOUT US

[Kounis Metal Industries](#) (“KMI”) is a privately owned WA company with over sixty years of manufacturing experience. Founded in 1953 and later incorporated in 1966, KMI has continued to show positive growth and stands by its objective to provide products and services of a quality which conforms to customer requirements and which constantly meets expectation in respect to quality, performance, safety and price.

KMI manufactures a variety of products for the mining, construction, industrial and commercial sectors which include electrical switchboards, cable support systems, mechanical pipe support systems and electrical enclosures. With a dedicated work force and use of CAD/CAM technology, including computer modelling and sheet metal pattern development directly linked to our CNC machinery, we can provide powerful tools for accuracy, repeatability and productivity.

Kounis Metal Industries (“KMI”) considers Health, Safety, Environment and Quality (HSEQ) an integral part of the company’s business vision and values. The business objective is to provide, with the assistance of our people, a workplace that protects the safety and health of its employees, contractors, customers and visitors, whilst producing products and services of an outstanding quality.
