

About us:

Located in the heart of Claremont, [Dental Quarters](#) embraces the art of cosmetic dentistry. Our gentle approach to general and cosmetic dentistry will have you walking out of our practice relaxed and smiling. Our efforts are centered on providing you with exceptional service, giving you value for money. We insist on quality which is why everything we do is hand-crafted by our specialists in Australia. Our crowns are carefully crafted by our senior members, taking the time to carefully colour match our crowns to your unique colouring. We oversee every stage of production to ensure you have a quality product that is built to last. This allows us to ensure you are provided with only the highest quality products. We consider dentistry our craft, so consider us as artisans. We have designed our boutique practice to provide a warm, relaxing atmosphere that sets it apart from any other dental practice.

Our mission to make people smile extends beyond our clientele in Western Australia. Dental Quarters also partners with charities to provide much needed dental care for disadvantaged people overseas. Our most recent charity work took us to Vietnam with the Christian Health Aid Team, where we were able to provide dental care to children in orphanages on the Vietnam/Cambodia border. At Dental Quarters, we care about giving you a beautiful smile with a gentle touch.

Built in 1914, the building was originally the Princess Theatre. The space has been lovingly and carefully restored, bringing it back to life and turning it into a beautifully welcoming suite. A unique space that combines Hollywood inspired décor with the latest state-of-the-art-equipment.
