

2014 Catalogue

We go so far back there aren't records of anyone else in the business.

# Part of the Australian Landscape

Roma Caravans was established in 1928 and has been building caravans for well over 50 years. Roma was either the first or one of the earliest caravan brands to be registered in Australia as far as we can ascertain.

It's a business where the emphasis is on quality and durability. There is no mass production. Every caravan is individually designed and constructed under strict supervision. We put our hearts into every van we build and every van gets the Managing Director's personal seal of approval before it leaves the factory. We back our product with a genuine 12 month warranty.

Roma's reputation comes from a longstanding existence in the marketplace and a good relationship with it's customers - many of whom come back again and again.

Since 1928 Roma Caravans has been in the business of providing your family a place to call home while you're out for an extended holiday with your family, on a weekend getaway from daily activity or doing a full time jaunt to see Australia. Founded by Victorio Palmerini, the operations was passed down to son Tony in 1962. Since that time,

Tony's two sons, Brendan and Mark have joined their dad in building Roma Caravans to the innovative empire of Roma Caravan Manufacturer and Dealer it is today. The Palmerini's, along with their talented and visionary crew, have made Roma one of the longest established caravan manufacturers in Australia!

Roma's pride is in working with you to create just the right caravan that will suit you! We have our standard models that are often just what you hope for, but if there are minor adjustments or modified floorplans you are seeking, our team is able and willing to assist you there, too!

Roma's Australian Caravans have five dealers around Australia for your convenience. Please feel free to stop in and see what we have to offer you!

# Karisma

## The top of the range

Karisma having only just been released and already breaking records. Featuring the new 2014 stylish fibreglass front, rear and roof and the all new exterior and interior colours.

# Elegance Slide Out

## Elegance with a little more room

The Elegance Slide Out range boasts an undefinable mix of quality and traditional appeal that has proved so elusive to others, yet has remained the basis for the Elegance Slide Out continuing success over many years.

The Elegance Slide Out models feature stylish exteriors matched with superb interiors. The Elegance Slide Out is without a doubt the most stylish, versatile and well-equipped caravan on the market.
