WHAT OTHERS ARE SAYING ABOUT BE

As an organization focused on equipping and encouraging Christian business leaders to operate their businesses and conduct their personal lives according to biblical principles, the Fellowship of Companies for Christ International (FCCI) is incredibly thankful for the work of Nehemiah Project International Ministries (NPIM) as it lays a wonderfully biblical foundation for the men and women who are taking a new step in their business lives. NPIM stimulates Christian entrepreneurs with excellent training, and together with FCCI adds a strong support system to enable them to develop companies designed for Kingdom impact and business excellence. Without a doubt, NPIM is playing a major role in raising up the business leaders that God will use to transform our world ... one company at a time.

The information gathered indicated that BE I (Principles of Biblical Entrepreneurship) is where transformation of individuals take place. As a result of BE I, participants were able to discern their specific calling and fulfillment in life and in business. Others were able to get closer to the Lord as a result of taking this class—their minds and thoughts were renewed.
