Solar panels and systems:

With Sunwise we have a range of GY panel solar power systems. We also have off grid packages. We offer the most recent in solar technology that is efficient and potentially expandable if you required. The solar panel modules we sell are from German manufacturers being either Bosch Solar or Solarworld. We ensure that our installation complies with the Clean Energy Council rules. With all our solar panels a 25 year warranty applies which surpasses many of our competitors in the solar panel system market. For more information on our solar source energy products please visit our accessible information with explanatory diagrams on our website.

Electrician Bunbury

If you need an electrician in the greater Bunbury area we have a number of fully qualified, experienced and reliable electricians as part of our Sunwise team. Our electricians can carry out general electrical work you require for homes or businesses. We can install and assist with maintenance of your electrics and lighting needs. This includes lighting installation, hot water systems, bore pumps, safety switches and much more.

Air-conditioning

At [Sunwise Energy](#) we have a diverse range of different air conditioning systems available to enable you to select the right type for your requirements. We understand the choice of air conditioner can be overwhelming but with our experienced and knowledgeable staff we can help you decide which is best for your needs, location and within your budget. We do air conditioning in the Bunbury and surrounding south west region in WA.

Our electricians in our Sunwise team can deliver and install your air conditioning. Our air conditioning Bunbury includes Samsung Wall Split, Samsung Reverse Cycle Air, Samsung Ducted, Cassette Air, Mitsubishi reverse Cycling Air, Ducted Cassette Air, Daikin Air and Midea Air. Feel free to contact us and speak to a friendly staff member to discuss the different options. We are happy to give you quotes for your Bunbury air conditioning, Busselton air conditioning, Harvey air conditioning, Collie air conditioning and Margaret River air conditioning.
