

## About us

**Earthcreations** are your number one landscaping and construction team right here in WA! Every day we strive to create unique, innovative and creative design and construction solutions, ensuring that our clients are left with the best possible result for their project. Whether you're in need for some demolition, limestone paving or artificial lawn, Earthcreations have all your landscaping requirements in one place!

Director of Earthcreations, Dustin Armstrong, exudes passion and drive in his business; an approach that leaves his customers feeling reassured and excited about their next landscaping project. His values fall heavily in professionalism, trust and integrity and this filters through to his employees and staff. As a unit, the team at Earthcreations consistently work together to provide you with the best landscaping solutions WA has to offer.

Our services go beyond traditional landscaping and design abilities. At Earthcreations, we offer the full package and can help you restyle, reform and restructure your space. Choose the service that suits you from artificial lawn and carpentry, to demolition and earthworks. A list of our services can be seen below:

## Services

- Artificial Lawn
- Carpentry
- Demolition & Earthworks
- Fencing & Gates
- Landscaping Design
- Limestone
- Patios & Pergolas
- Paving

When remodelling your home you may want to consider artificial lawn. As a water-wise alternative to grass, artificial turf not only looks and feels similar to regular grass, but it's also easy to maintain. Throw out your lawn mower because artificial lawn is now the easiest way to add some green into your backyard.

Our team 'chippies' or carpenters, have experience in all things timber. Whether you're after a feature piece, timber patio, roof cladding, decking, love seats, benching, bars or an outdoor kitchen, Earthcreations can help! We also offer our various range of expertise in the areas of demolition, fencing and gates, limestone, patios and pergolas and paving.

Whatever the job may be, Earthcreations can help. We are here with you through every step of the construction process; from design, execution and maintenance. If you need your block demolished, we can demolish. If you need landscapers to clean up the mess, we've got plenty. Our expansive team means that we can provide you with a range of trades under one roof. If you are thinking about renovating or simply want to restyle your home, [call us today](#), or visit our [website](#) for more information!
