

Being a small boutique company, [Primo Pools](#) is a firm believer in quality and not quantity. Endeavouring to create pools which transform houses and yards into visual spectacles, Primo Pools has a combined 26 years of experience in the industry to make that happen. The team at Primo Pools has the experience and knowledge to create the perfect pool.

Given the choice between concrete and fibreglass, most choose the cheaper option in fibreglass. Primo Pools endorses concrete pools as the better option due to longevity, aesthetic and flexibility. A concrete pool can be altered and designed to turn any yard or house into a sight of magnificence. Concrete pools are simply on another tier design and utility.

Being able to be shaped in virtually any shape or position, Primo Pools is able to truly create a masterpiece pool by utilising concrete. Whether it is filling a niche corner or creating a centrepiece of an outdoor landscape, Primo Pools has the expertise and finesse to create a truly stunning pool.

Primo Pools surrounds itself only with proven and trustworthy tradespeople in their field. If the work is not being carried out by a Primo Pool employee, all work under gone on site is personally supervised and checked by senior members of the Primo Pool team. Build quality and finish are both so important when it comes to pools, [Primo Pools](#) guarantees the best.

# TESTIMONIALS

Through a friend, we were able to contact Daniel of Primo Pools to seek advice and recommendations. Daniel was a fountain of knowledge and suggestions. With a competitive quote based on his suggestions our 20-year-old pool was transformed.

Mount Pleasant - Renovation

We found working with Daniel and his team a pleasant and professional experience. He was always helpful and co-operative, and always able to resolve small problems as they arose. Primo Pools did a great job with our pool and we would recommend Daniel's Company to any person seeking to build or refurbish a pool.
