### Welcome and meet the team...

Cirrus Australia and New Zealand have teamed up, bringing you our inaugural newsletter to keep you informed about what is happening in our part of the world with Cirrus Aircraft. Pictured above from right to left are Scott Rawson (Cirrus Perth), Kriesha Ballantyne (Cirrus Melbourne), Graham Horne (Regional Director, Asia Pacific), Charles Gunter (Cirrus Melbourne) and Andy Hartel (Cirrus Sunshine Coast). Below left is Ross Harrison from Cirrus Sunshine Coast and below right is Bruce Brownlie from Cirrus New Zealand.

### On tour around Australia & New Zealand

We've been busy so far this year showing off the new Cirrus Australis at many locations around the country. The Australis has already proven to be a winner with 5 aircraft sold so far...

Hon Deputy Prime Minister Warren Truss at Narromine

## The Cirrus Life at Hamilton Island

In September, the team brought together 35 Cirrus aircraft for the bi-annual Cirrus Life event at Hamilton Island. The event placed a big emphasis on training improvement and learning. [more](#)

### Cirrus Life events for 2016

We're planning some exciting "Cirrus Life" adventures next year. Below is a snapshot of some fantastic places to whet your appetite, so stay tuned....

## SR22 Australis - last one for 2015

As all Cirrus factory production slots have now been filled for December, we have only one, near new, Australis remaining for 2015. It comes with free Stormscope and Australian registration. Along with a significant ex-demonstrator discount and two being sold in the last few weeks, it is not likely to be around much longer. Get it now before it's gone! [Click here for more details](#)

## Cirrus SR22 GTS Demonstrators available

Right now, we have 2 near new, low hour, 2014 Cirrus SR22 ex-Demonstrators available at greatly reduced prices. All these aircraft are fully featured with most (no Flight Into Known Icing) options available on a Cirrus. Save over \$200k on new prices. [More information](#)

GTS Carbon - Perth

GTS Platinum - NZ

Cirrus SF50 Vision Personal Jet

## Cirrus SF50 Vision Personal Jet

The Vision SF50 will be a revolution in transportation for owner pilots who up until now, could only ever dream of owning and flying their own jet airplane. Slated for final certification in the next few months, there are already over 550 on order, which means a rather long waiting period (5 years) for new orders. However, we do have position #158 available which will save your around US\$200,000 and three years waiting time. [More](#)

Cirrus Perspective Touch by Garmin

## Cirrus Perspective Touch by Garmin

Included in the cockpit will be Cirrus Perspective Touch, which incorporates the latest in turbine-class flight deck technologies, into a newly designed, pilot friendly touch screen interface that was custom built for the Vision Jet. [Read More](#)

## Shared ownership greatly reduces cost of owning an aircraft

Did you know the private aircraft owner flies, on average, only around 100 hours per year? The rest of the time, the aircraft is usually left in a hanger gathering dust. Shared ownership really makes sense and gives you the opportunity to fly in a new Cirrus aircraft for the same cost most

people are paying for a used aircraft that is 15+ years old. Why settle for buying an old, ageing and expensive to maintain aircraft when you can buy a brand new Cirrus and reduce your overall insurance, maintenance, hangar costs, all at the same time?. While, we at Cirrus AUNZ, won't run the shared owner syndicate for you, we will certainly give you any assistance required to get you started. Right now, there are people interest in Shared Ownership Syndicates at various locations - so click on the link to get more information and register for our information pack: [More](#)

**Share Your Passion** You can earn thousands of dollars for recommending our aircraft to friends or colleagues. The Cirrus Referral Program is our way of rewarding your efforts recommending our aircraft to others. To help get the ball rolling, we have a couple of great offers you could mention (see below), and shared ownership may even be an option (article above). When your submitted lead results in a new aircraft order and delivery, we'll thank you with cold, hard cash. [More details](#)

## Current promotional offers

Special offers are presently available which would be of interest to prospective Cirrus buyers, as follows:

**LEARN TO FLY**  
IN THE PLANE YOU BUY

Pilot's License Included.  
For a Limited Time.

Cirrus will pay for your private pilot training with the purchase of a new aircraft. In addition this offer is extended to anyone in our region to complete their Private Instrument Flight Rating (PIFR) if they already have a PPL. Valid to 31/12/15. Conditions apply. [More information](#)

**Ready to try it? Let's get started.**

Whether you've been dreaming of flying all your life or have only recently been bitten by the bug, don't wait.

**CIRRUS® TEST DRIVE**  
TEN-HOUR, HANDS-ON FLIGHT EXPERIENCE

From just \$5,950 you can begin your first ten hours of flight and discover all the possibilities flying Cirrus Test Drive, Cirrus will credit the full fee amount toward the purchase of your new aircraft. That's ten hours of personal flight instruction with a professional instructor in the world's most desired aircraft. [More info](#)
