

A Little Something About Us

For over 10 years, Duncan's Cabinets has been building dream kitchens for homes in Perth, across Australia and worldwide.

We specialise in manufacturing quality DIY flat pack kitchens that are eco-friendly and easy to install.

The quality of our product speaks for itself. In fact, more recently our cabinets have become a popular option in Japan, the US, Denmark, the Philippines and Egypt. We are committed to working with integrity and being recognised in Perth for our professional expertise.

We promise to provide complete kitchen solutions, from the initial design stage through to the carefully finished kitchen and stone benchtops.

KITCHEN QUOTE

We measure up your kitchen and provide accurate and affordable quote on your kitchen renovation in Perth.

KITCHEN INSTALLATION

Our expert cabinet makers can execute kitchen modelling projects that suit your personal style and preferences, whether minor kitchen updates or an entire kitchen remodelling.

\$59 3D KITCHEN DESIGNS

We offer both design and building services for your an entire project, from your initial sketches through to the final construction.

STONE BENCHTOP INSTALLATION

Duncan's Cabinets specialises in all sorts of mable, re-granite and engineered quartz services, ranging from kitchen stone benchtops and splashbacks, vanity tops, alfresco benches and laundry benches.
