

We are a little bit different

Celebration Homes aren't your typical home builders in Perth. Since our inception in 2002, we've been building quality family homes for West Australians at affordable prices, winning multiple home building awards in the process. We go above and beyond in any way possible to ensure we create a home that's all about you - your style, your budget and your quality expectations. That's why our family friendly 3 bedroom and 4 bedroom house plans include those little extras like tiled splashbacks and Westinghouse appliances so that your home is liveable from the moment you move in.

Whether you're building your first home, or you're onto your fifth investment property, we have you covered with innovative designs for cottage, traditional and narrow lots.

Contact **Celebration Homes** today or visit one of our Perth display homes and deal with a builder that understands your needs.
