

About Us

[Undercut Australia](http://www.undercutconcretecutting.com.au/) is a firm built on ideals as strong as the concrete we work with. Our aim is to be the leading provider of concrete cutting, sawing and drilling service in Perth, Western Australia. From small local firms, through to large industry companies, Undercut Australia provides the same expert advice and incredible workmanship to ensure our clients get the results they need!

Services

We offer a range of services to ensure that our clients can access concrete in a way that suits their project.

- Core Drilling
- Wall Sawing
- Floor Sawing
- Hand Sawing

All our services are conducted by technicians with years of experience and who are constantly pushing themselves to achieve the best results possible.

Company Profile

With an approach to our work which demands quality and a range of health and safety features, Undercut Australia aims to be the very best in concrete cutting in Perth, WA.

Our core values are inherent in all that we do. We seek to continuously improve and lead the concrete sawing and drilling industry by example! We will always maintain quality, safety and long term client relationships. We strongly believe that our survival as a company is strongly rooted in our relationships with our clients.
