HYBRID TROLLEYS & BASKETS

■ ■ SUPERCART AUSTRALIA

■ ■ WHO IS SUPERCART AUSTRALIA?

Supercart is a dynamic, innovative company focused on the design, development, marketing and sales of a wide array of shopping trolleys and handbaskets. Supercart's range of hybrid trolleys are stylish, tough, durable and available in a variety of colours, intended to enhance branding strategies and creating a point of difference, not possible with conventional steel trolleys. Our hybrid trolleys are RFID friendly and minimise damage to store fixtures and vehicles, resulting in reduced liability and cost savings.

■ ■ WHY SUPERCART.

Internationally shopping trends are changing, with customers shopping more frequently. The shopping experience needs to be convenient, easy and cater for changing demographics by providing a range of options to suit their needs. These changing retail trends present new opportunities for retailers to revitalise their trolley fleets with our range of modern trolleys, catering to the diverse needs of shoppers.

■ ■ THE SUPERCART ADVANTAGE.

We're on the ground in Australia producing the trolley baskets, assembling the finished products and performing the final quality control. This provides our customers with the confidence in our ability to supply quality, Australian made products on time. With our local control of manufacture, we're here to support your brand and to tailor our products, to suit your needs. From PMS matched UV stable colours, to labels, in-mould labeling, printed branding and more.
