woodworkers sliding doors

DESIGN PERFORMANCE
Structural 1000 Pa
Water Resistance 150 Pa

STOCK SLIDING DOORS

Unless requested otherwise, sliding sashes will be positioned to the inside of the fixed sashes. This configuration works better for hardware but should not be opened when wet as it does not permit easy water escape. Stock sliders are made for semi protected suburban conditions. If sliders are to be used in very exposed or cyclonic rated positions they can be weatherseal upgraded at an additional cost of 7.5%.

sliding doors can be made from any style french or provincial door in our range or custom built to your exact sizes at additional cost

STOCK DOOR DESIGNS FOR SLIDING UNITS X - sliding O - Fixed

SLIDERS: USING STOCK DOORS Allows for cedar frame, 140mm jamb, brass track, pre-hung, bead fixed clear glass.

woodworkers stock sliding door range

Woodworkers offers more design choices in sliding door units than any other manufacturer, incorporating both overwidth and overheight options for maximum flexibility. Our doors roll on adjustable stainless steel bottom rollers and brass track and can be made intruder and bushfire resistant with stealshield outer panels that provide cost effective security.

lock and flush bolt morticing is available for woodworkers hardware.

Bottom roller bifolds are slightly more expensive than top roller systems but are ideal where the lintel over an opening is inadequate to carry the additional weight. They are particularly suitable for extra wide applications or glass wall designs requiring minimal exposed structure.

COMPLIANT WITH AUST. STANDARD AS2047

Our stock prehung bi-fold doors will save you 25% !!!

enquire if other services are available with your joinery choice.

Also available in black. Refer page 43 for more details

Note: Woodworkers can also custom build multifold doors to any size or style to suit your application.

hardware kit components

PREMIUM OPTION

Brio 286 Dual Point Lock

silver only

Additional cost including installation

Internal locking only \$470

Internal/ External Locking \$721

for other hardware options refer our separate hardware catalogue

- For logistics it is recommended multi-fold systems over 3600mm in width are disassembled and flat packed. A BSA registered sub-contractor can be arranged for the purchaser by Woodworkers, if required, to re-assemble and fix at an additional cost.
- Final adjustments may be necessary by installer after frame is installed. A service fee will apply if Woodworkers is required to provide onsite adjustment.
- Delivery is not included, but can be arranged using a one driver courier. The purchaser must allow for four or more strong people to off load at the destination.

* Only single light available in 920mm and 1020mm

FACTORY WHITE PREPRIMING NOT AVAILABLE FOR VISTA, DOUBLE GLAZED AND STEALTHIELDS DOORS

Maximum insect screen width is 4500mm. When wider than this size, the frame has to have 2 screens opening right & left. Unsuitable for larger all one way multifolds

Overheight bifolds include 190mm top flush bolts. Extended drop bolts (500mm) extra \$71 each

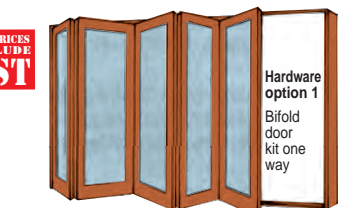

NOTE: Bottom roller hardware is available only in satin silver finish

- As multi-fold hardware systems evolve, joinery sizes may vary slightly. Verify extremities of frame before framing up.
 - Flush bolts (half keyed), clear glass, seals, premium running gear included.
 - Prices subject to stock availability and cost change during the currency of this catalogue.
 - Multi-fold door systems are warranted to open out only. They can be made to special order to open in but will not be watertight.
 - Height is measured from underside of sill to top of frame.
- Vista multifolds are not suitable for heavy weather exposure. Overhang protection from direct sun and rain water is essential
- NOTE: Insect screens are Black BRIO pleated screens rated to 28km/hr. Frame depth 190mm required for integrated screens. Disassembly for transport not permitted.
- prices on orange background indicate 2 screens

Woodworkers overhead track bifolds are supplied framed and hung on premium stainless steel or gold hardware complete with all flush drop bolts and weather seals. Integral insect screens can be factory installed and in locations where privacy and sun control is also essential, our unique vista doors with double glazed venetian blind inserts provide the ultimate solution.

woodworkers stock external multifolds

woodworkers hinge off hinge folding doors

HINGE OFF HINGE CONCERTINA ACTION DOORS

Each hinged pair has 1 hinge handle, and 1 roller under the door hung from the jamb. All necessary flush bolts and flush pulls supplied + housed

Ten light Concertina Doors illustrated.

standard frame 140 x 32mm

Hinge off hinge are the solution if you've got a small opening to 3m wide and need your doors to stack flat rather than at 90°

We use stainless steel spring loaded rollers mortised into the underside of each door hung from the jamb to provide support & stability.

roller details

With concertina action the centre door opens inwards on the outer door and the pair swing 180° to park against the side wall.

JAMB WIDTH: STANDARD 140mm, INSECT SCREEN 190mm

IMPORTANT INFORMATION
Hinge off hinge systems are not technically equivalent to overhead track bifold systems. They are prone to sag over time and are more susceptible to problems from movement in the surrounding floors or walls. Purchasers are cautioned that the bottom roller system minimises rather than eliminates sag.

Stock French doors only available with clear glass. Other glass options can be custom made at additional cost.

HINGE OFF HINGE FOLDING ACTION DOORS

1 roller fitted under the door hung from the jamb. All necessary flush bolts and flush pulls supplied + housed

Victorian Single Light Folding Doors illustrated.

standard frame 140 x 32mm

We use stainless steel spring loaded rollers mortised into the underside of each door hung from the jamb to provide support & stability.

roller details

JAMB WIDTH: STANDARD 140mm, INSECT SCREEN 190mm

Folding Action bifolds offer the flexibility of having the centre pair of doors open out independently as French doors for day to day use without having to resort to the full bifold action. They are weathertight and stow neatly in the open position against the side walls but require flush hardware fittings & larger more obtrusive jamb hinges more prone to sag over time.

With folding action the centre door opens out over the outer door & the pair then swing 180° to park against the side wall.

insect screen prices on this page allow for retractable pleated screens.

Woodworkers hinge off hinge folding doors can be an ideal solution for smaller openings to restrictive patios and throughfares where the ability to stow the doors flat against the external wall is an advantage. Our unique integral spring loaded bottom roller supports reduce susceptibility to sag and improve stability.

HINGE OFF HINGE UNITS ARE NOT SUITABLE FOR DOUBLE GLAZED OR HEAVY DOORS

Combos are the traditional cost effective way to get light & ventilation into your home

ALL PRICES INCLUDE GST

Compare our prices!

for more information on combo, bifold & slider options refer to FAQ 7 on our website www.woodworkers.com.au
 Prices subject to alteration and availability during currency of this publication. All prices include GST.

lock and flush bolt morticing is available for woodworkers hardware.

woodworkers stock combination range

Woodworkers has the widest range of stock combination options providing a solution for almost any application. Our units may be able to be upgraded to meet bushfire code requirements to BAL29 at additional cost and where necessary by the installation of external compliant screen doors. Refer page 20 and our website FAQ 26 regarding bushfire solutions. Woodworkers stealthshields can be added to most stock combinations where increased protection is required against intruders and insects.
