

Service	Description
Light fixture installation	Light fixture installation is a complex process that can be dangerous if not done correctly. Pica Electrical offers a complete electrical service for all your lighting needs. From design and consultation to installation, our team is here to help you get the most out of your lighting fixtures.
Light fixture repair	Broken light fixture and don't know who to call for help? Don't spend another day living in the dark! Call Pica Electrical today for all of your light fixture repair needs. We offer prompt service and a team of experts dedicated to repairing your light fixtures without breaking the budget.
Local Electrical	Are you looking for a reliable local electrical service in Sydney? Look no further than Pica Electrical. We're the trusted name in electrical services with a reputation for providing quality workmanship and outstanding customer service.
Master Electricians	Pica Electrical are Master Electricians who strive for more and are backed by expert technical advice with a world-class safety system. You can expect to deal with an expert who delivers first-rate services while being professional, reliable, and safe.
Mobile Connectivity	Improve your mobile connectivity with Pica Electrical! If you're frustrated with your download speeds or the stability of your mobile connection, we can assist you with a custom solution that will also improve your internet speed and ability to make phone calls in areas with limited mobile signal.
Myenergi Eddi	Pica Electrical is excited to offer Myenergi Eddi, Australia's #1 solar power diverter. With Eddi, your excess power is diverted back to your heating systems rather than being exported back to the grid. This makes your solar power generation investment more efficient and can help you save money.
Office Fit-Outs	Pica Electrical are experts in office design and fit-outs, so we know how to make your workplace look great and function better. We'll take care of everything from the initial consultation to the final installation – all you need to do is tell us what you need!
Outdoor lighting installation	Want to level up your outdoor lighting? Pica Electrical is one of Sydney's most trusted outdoor lighting installation companies. We're experts in the field and known for delivering attractive and safe outdoor lighting solutions that perfectly illuminate any property.
Pool lighting	Pica Electrical offers premium pool lighting upgrades in Sydney, designed to take your pool and outdoor space to the next level. So whether you're looking for a subtle change or a complete transformation, our electricians have it covered!
Power Installations	Pica Electrical is a Sydney-based company that provides quality power installation services. Our experienced professionals will work diligently to ensure your power installation is carried out quickly and efficiently, with minimal disruption to your daily routine.
Power Points & Switches	Pica Electrical installs and repairs electrical power points and switches. We're here to tackle your electrical needs, big or small. From fixing a faulty switch to comprehensive power point installation, our team of qualified electricians are equipped to handle anything.

Power Systems	Pica Electrical is your one-stop shop for all your power needs, including designing and installing power systems. We have a wide array of products and services that can meet your needs. Whether you're looking for a new system or need repairs on your existing one, our electricians in Sydney can help.
Rangehood installation	If you need rangehood installation in Sydney, Pica Electrical has you covered. We specialise in rangehood installation and are qualified to handle any job, big or small. So if you're looking for affordable, professional rangehood installation services, give us a call.
Remodeling	Remodelling and need a local electrician for the job? When it comes to remodelling your home, nothing is more important than getting the electrical work done right. That's why we take our time to ensure every detail is perfect, so you can rest easy knowing your home is in good hands.
Renovations & Upgrades	Pica Electrical can help make your home renovations and upgrades hassle-free. We offer various commercial and residential electrical services, from rewiring and updating old lighting fixtures to installing new appliances.
Repairing And Maintaining	Electrical faults can be dangerous. Don't try to fix it yourself; call the professionals at Pica Electrical! We are Sydney's leading electrical repair and maintenance service. All of our electricians are fully qualified and insured, so you can rest assured that your property is in safe hands.
Residential Electrical Services	Pica Electrical provides a wide variety of residential electrical services in Sydney, Northern Beaches, Lower North Shore, Upper North Shore, and Northern Sydney Districts. We are your dependable electrician you count on when you need services for your home.
