We provide an OEM level of quality services at competitive & non-OEM price.

FITSUM

**Industrial Electronics Refurbishing and Repairing
Service Company**

M: 04 335 24299

E: service@fitsum.com.au

177 Station Rd, Deer Park VIC 3023

We are open again for business.

**We give you solutions for
failed, faulty & obsolete industrial
electronic systems and
out of production & support
system used in manufacturing
and process industries:**

.VSD .PLC .HM .CNC

.Servo Motor Controllers

.Industrial Computers

.Industrial Transducers & Measurement Devices, etc

.Power Supply (AC-DC/DC-DC), etc

We repair and refurbish all types of industrial electronics irrespective of manufacturer and model. Our service is supported by **24 Month** warranty on all our repairs.

FITSUM is well-equipped with advanced testing and diagnostic instruments to troubleshoot and repair any electronics equipment at the component and board level.

Our price are **20-30% less** than others in the market and turnaround is extremely tuned short and efficient.

“Buying to replace faulty industrial electronics systems is not always cost effective and straight forward solution.”

We provide an OEM level of quality services at competitive & non-OEM price.

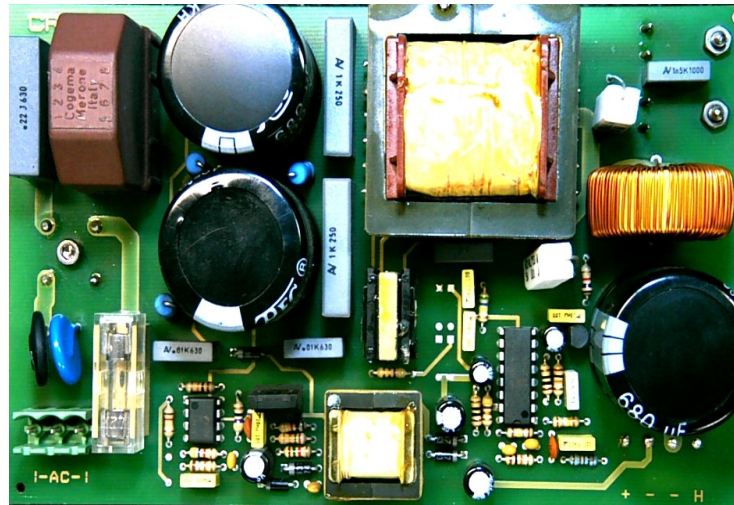

➡ Drives & Inverters:

- ⇒ AC variable Speed Drives
- ⇒ DC variable speed drives
- ⇒ Solar inverters & Soft starters
- ⇒ Crane drives and controllers

➡ Power Supply:

- ⇒ SMPS (AC-DC, DC-DC)
- ⇒ IGBT/THYRISTOR Power supply
- ⇒ Heating and cooling controllers
- ⇒ Inverters (DC-AC)
- ⇒ Battery chargers and controllers

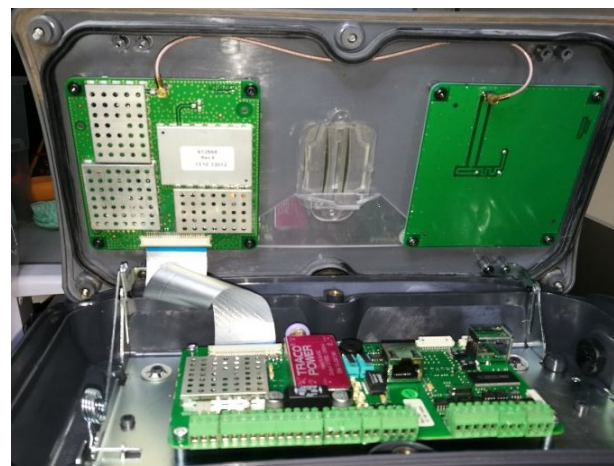

➡ HMI's:

- ⇒ Process monitors with touch screens
- ⇒ LCD Panels
- ⇒ LCD Screens

➡ Industrial electronic systems:

- ⇒ Industrial High Speed Cameras
- ⇒ RFID readers-Access control
- ⇒ Lighting (LED) control systems
- ⇒ Gate automation

➡ Motion Controllers-CNC:

- ⇒ Multi-axis servo drive controllers
- ⇒ Servo positing systems
- ⇒ Encoders

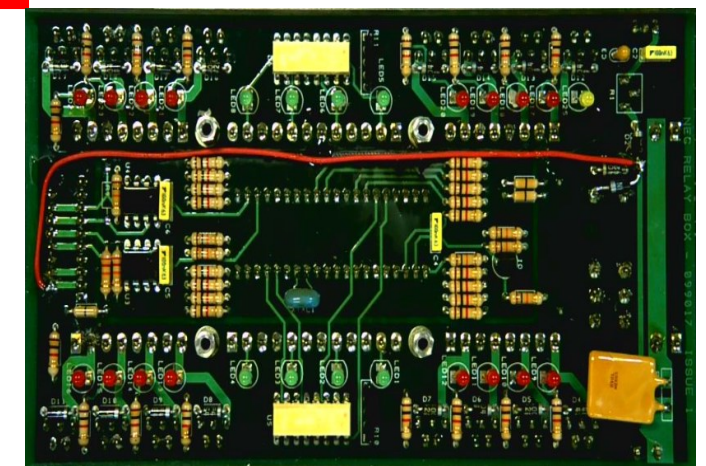

➡ I/O PCB:

- ⇒ Relay Boards
- ⇒ Microcontroller boards
- ⇒ Communication boards
- ⇒ Converters (Protocol)
- ⇒ Sensors & Transducers

➡ Instrumentation PCB:

- ⇒ Communication & signal conditioners
- ⇒ Metering boards
- ⇒ Laboratory devices
- ⇒ Measurement and scaling PCB
- ⇒ Weighing scale monitors
