TESTING BEYOND TRADITION: NAVIGATING THE DIGITAL ECONOMY CHALLENGES

| Proprietary and Confidential

Digital Experience

Consumers are more demanding in Digital Experience

52% of users said that a bad mobile experience made them less likely to engage with a company

Integration Cost

The growing number of dependencies and the presence of legacy technology heightened integration needs

How to ensure quality while testing cost is increasing

The need for Speed

80% of organizations ship code daily or weekly

Time is consistently identified as the biggest challenge when it comes to scaling testing

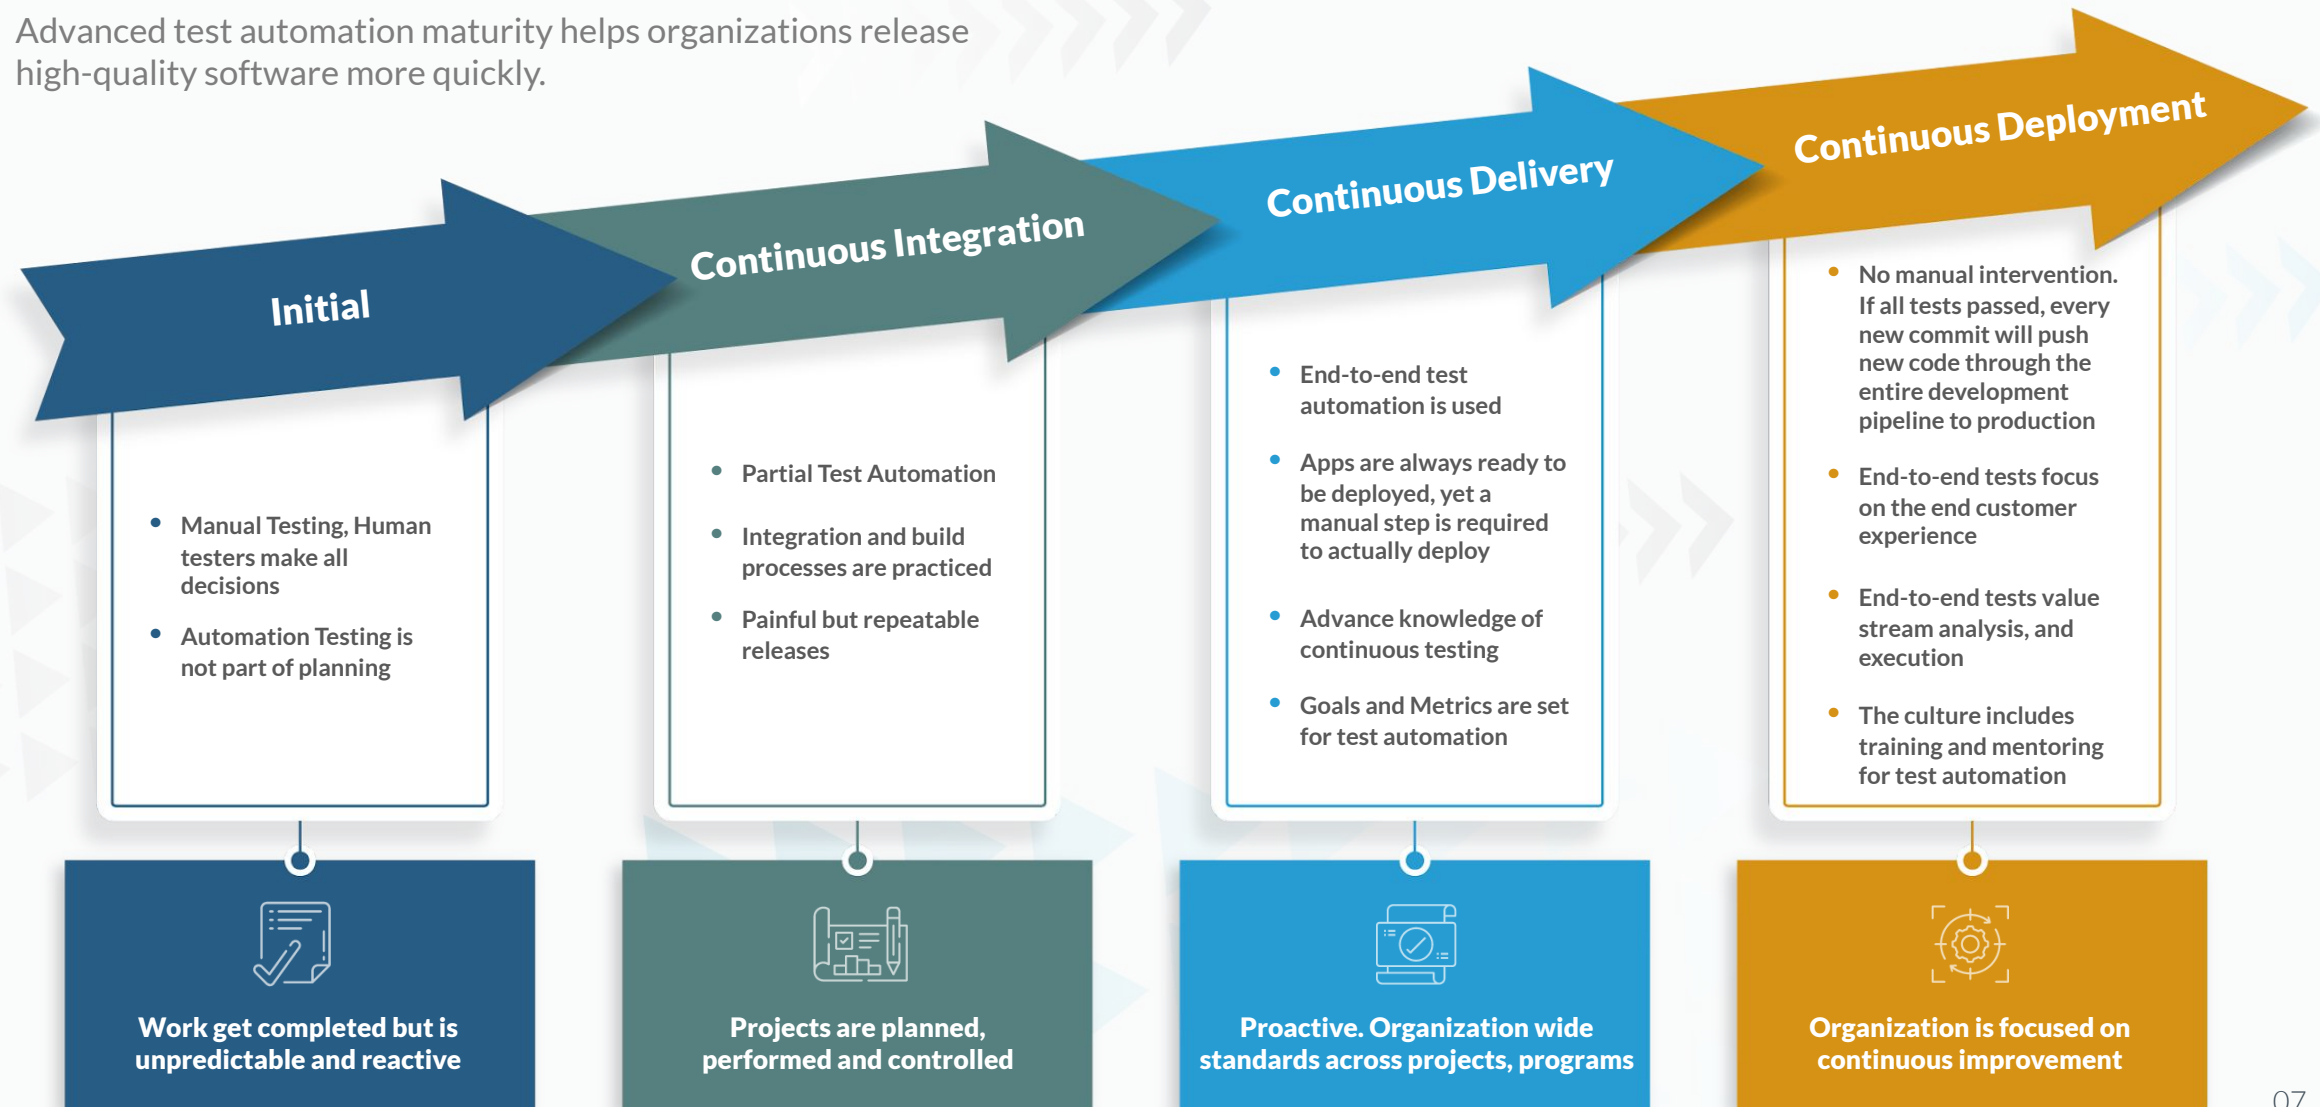

APPLICATIONS are at the core of these digital experiences. A **NEW APPROACH** is needed.

TEST AUTOMATION MATURITY MODEL

| Proprietary and Confidential

Advanced test automation maturity helps organizations release high-quality software more quickly.

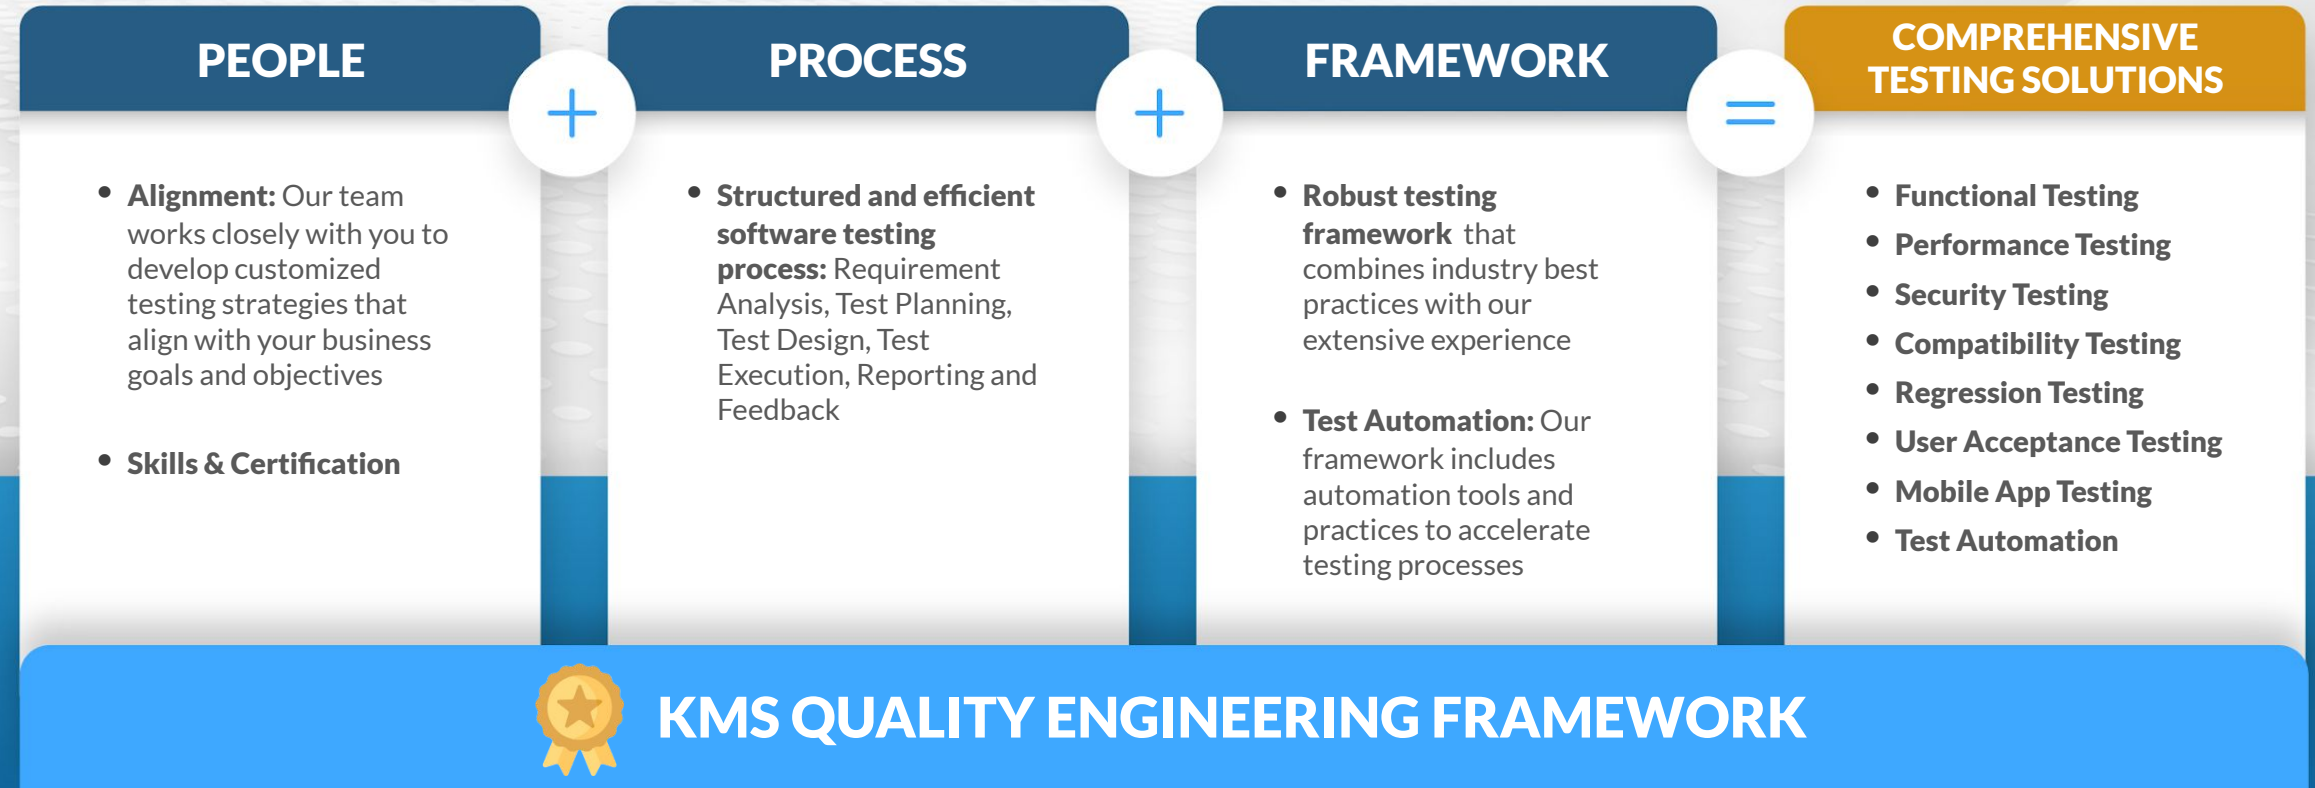

OUR APPROACH

| Proprietary and Confidential

Transform people, process, and framework to test smarter and release high-quality products faster;
Help clients moving up their testing maturity level.

Faster time to production

Lower cost of Quality

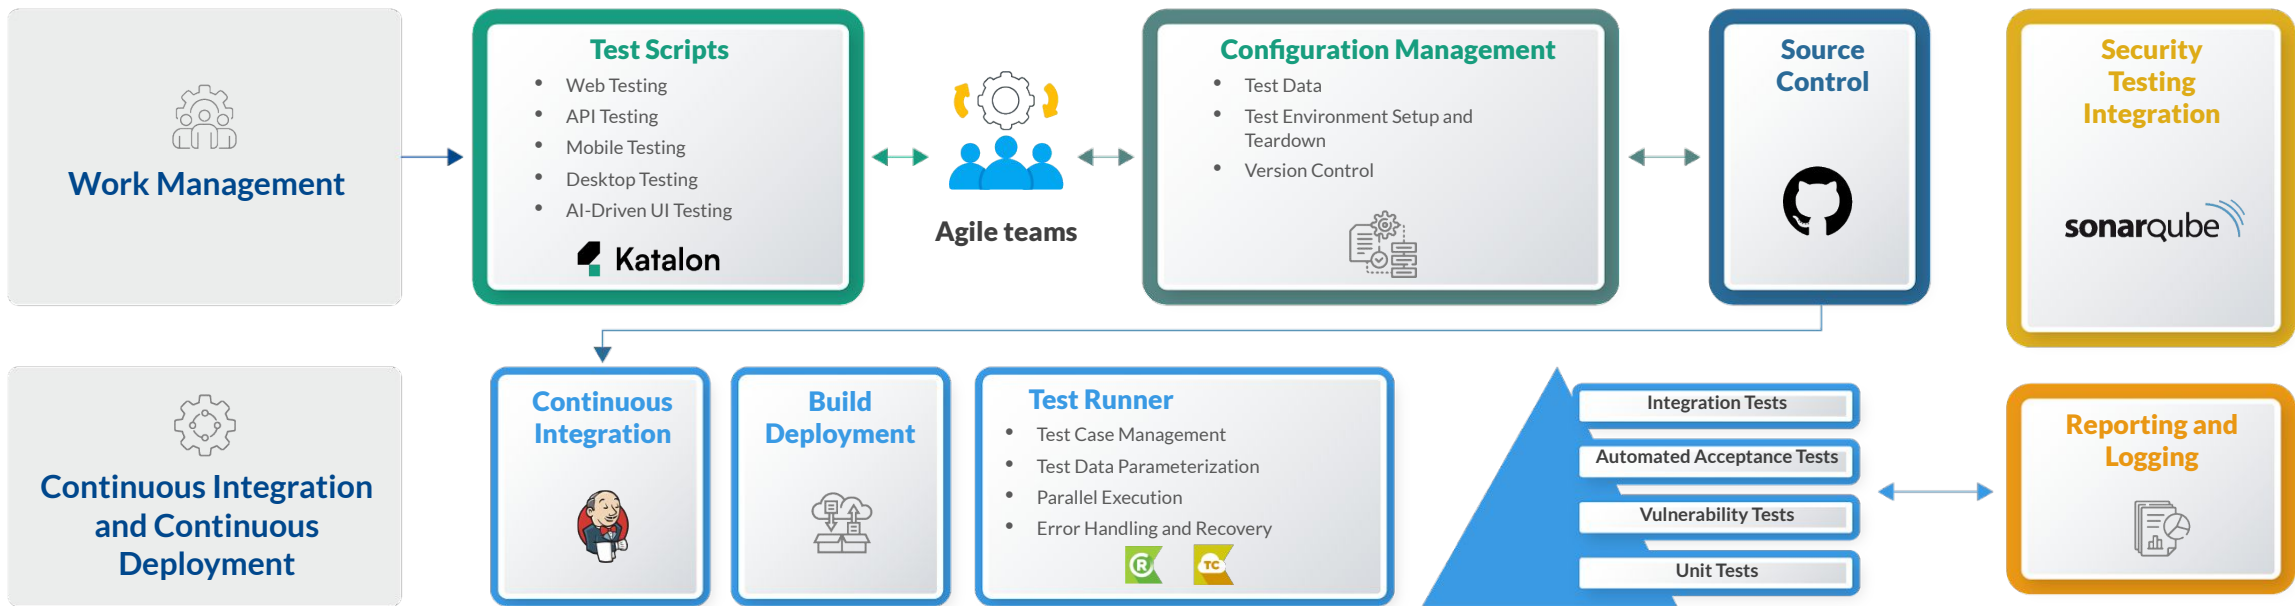

Effective Test Coverage

KMS QUALITY ENGINEERING FRAMEWORK

| Proprietary and Confidential

Enable faster value flow from development to operations.

Target Environments

OUR PLATFORMS OF CHOICE

OUR SOLUTIONS ARE BUILT FOR BUSINESS OUTCOMES

| Proprietary and Confidential

A blueprint for mature continuous test automation.

Business Need

- Manual Testing for large amount of Test Cases for Banking Mobile Apps
- Long testing cycle
- Open Source Test Automation tool
- Small and expensive resource pool
- Pain in onboarding automation Testers
- Complex integration among modules

KMS Quality Transformation Advisory

- Build and integrate auto test scripts with existing CI/CD pipeline
- Apply Katalon Framework for automation testing process
- Train the Testing Team about automation test practices and strategy
- Share the common mistakes which the mobile app design should avoid

Client Outcome

- CI/CD pipelines are deployed
- Cut regression testing timelines by 50%. Efficiency and Quality is improved in Regression Test Cycle
- Internal QA Team gained sufficient test automation skills with Katalon Framework
- Larger resources pool for automation testers
